Follow up and comments on Assessment Meeting with Grant and ARE
-no comments

Future of Town Hall Meetings

- feedback generally negative
 - not helpful to a positive school climate
 - teachers do not attend due to negativity
 - they are open ended conversations that do not or cannot provide immediate feedback
 - Replace with more Watch Me Work Nights, increase in Montessori evenings
 - CSC agreed to this plan
 - If there is a need for a meeting on a specific topic or concern, then a Town hall would be put together.
- Please let me know what changes to make

Budget Updates and follow up

- \$100,000 awarded of the \$136,000 asked for
- the amount awarded was originally \$96,000, it was rounded to \$100,000

L. Miller no longer an employee of Denison

- 2 sub secretaries(Linda and June) have been hired to reconcile the books(Linda) and school activity fund(June)
- Linda has simultaneously been providing training to Michael Cordova, who has been hired as the new Secretary 2
- Budget Plan approved by CSC is not effected by this
- no need to add extra students

UIP

- current UIP is very District centric(focused on the Achievement Gap)
- Katy is currently writing a new one (together with the SLT) that is Montessori focused with three main goals: Montessori Normalization, Cosmic Education, and Grace and Courtesy
- these ideas would be used as the foundation of the UIP - leverage Montessori education to meet the Achievement Gap
- Dimensions of Observable Growth (DOG)
- possibly focus on three areas of DOG and make it a school wide focus
- UIP is a living document
